## **The Club**

Andover Film Club is a not for profit organisation, formed to bring films to Andover that would not normally be seen here on the big screen. Such films will include low-budget British films on limited distribution, art-house films, foreign language films and classic films from the past that deserve to be seen on the big screen.

There is no commercial relationship with any Club venue and no person involved with the club may draw any income from club funds. The club is membership based, with fees paid for membership. Membership subscriptions or other fund raising activities are specifically to be used for the general running of the club.

Club presentations will be open to the public as well as club members.

## **The Objectives**

The club has three objectives:

### *Cultural*

... bringing interesting & unique films to the town

### *Educational*

... each film event begins with a brief presentation of what is notable about the film.

### *Social*

... bringing people together to share experiences.
